### JOBS AT LEGGETT & PLATT

#### SOCIAL MEDIA COORDINATOR

Remote | United States

As a Social Media Coordinator you will have the opportunity contributing to our organization's diverse social media marketing efforts. Your contributions will have a direct impact on the business by working collaboratively with our internal business partners to create meaningful content that aligns with our product strategies and company brand. If social media is your jam and you love the process of understanding unique brand voices, you may be the next member of our team!

#### TERRITORY MANAGER

Alabama

Leggett & Platt Flooring Products is searching for a Territory Manager to join our collaborative, innovative, and close-knit Southeast sales team. This position will support Alabama and the Florida panhandle. The position will service existing customers as well as new prospective customers. Leggett & Platt Flooring Products is the largest manufacturer of carpet cushion and hard surface underlayment in the United States. We manufacture and distribute foam, rubber, and fiber-based flooring underlayment for residential and commercial use. Our flooring underlayment products provide support, cushioning, and noise reduction under virtually any finished flooring material in your home or business. If you join our team, your work will ensure people across the world have a little more comfort in their lives.

#### DISPATCHER

Carthage, MO

As a Dispatcher you will have the opportunity to work directly with drivers, branch personnel, and external customers. Your contributions will have a direct impact on the business by managing superior driver and customer relationships, as well as maximizing the benefits of all freight transactions for the company. The team you will be working with is hard-working, solutions-oriented, and values exceptional customer service.

#### MATERIAL HANDLER

Conover, NC

The Material Handler moves and marks finished goods and scrap foam from various machinery and departments. As Material Handler you will assist various areas of operations with positioning foam onto pallets for production or shipping.

#### ENGINEERING TECHNICIAN

Tupelo, MI

As an Engineering Technician, you will support design, integration, and validation activities for new product development and released product support. The Engineering Technician to help support our Home Furniture business. Our Home Furniture business brings an intense focus on the customer, innovation, world-class manufacturing capabilities, and a global footprint together to create full-package solutions for the industry. We do not make furniture. We make furniture more comfortable. We need the best people on our team to support our strategy, and your work will ensure people around the world have a little more comfort in their lives.

#### QUALITY SYSTEMS TECHNICIAN

Carthage, MO

As a Quality Systems Technician you will have the opportunity to identify and stop processing of non-conformances related to products, processes, or quality systems. Your contributions will have a direct impact on the business by addressing all aspects of quality at the branch while providing support to the branch's mission and vision. The team you will be working with is collaborative and innovative, and values challenging work and diversity of thought.
